**MAY GO TO MANILA**  
Talk of Sending the Fourth Regiment There.

**HAMPTON'S BOYS READY**  
Public School Exercises Yesterday. Talk About a Company of Home Guards.

After the Peninsula Guards may never see Cuba. Yesterday morning the company that the Philippines under General Merritt. This will not be pleasant to those of the Fourth Regiment who have been nursing the hope that even if the men are ordered to Cuba they will not be called upon to take part in a battle. More than one woman whose husband has gone out after her boy has found comfort in this thought. They have steadily refused to believe that their sons were going into real war.

But now that there is a probability that the regiment will go to Manila they will have new cause for sorrow. The Philippine Islands are nearly ten thousand miles from Hampton, and like Cuba, lie under the blazing rays of a tropical sun. The journey from this city to Manila would cover a period of about five weeks, providing nothing should occur to retard the passage after leaving San Francisco, the port at which troops destined for those far-off islands are to be landed. The thought of this great stretch of land and water lying between themselves and their boys is quite enough, if there were not other things to consider, to start aches in the material of the world. But there are other things that come in for a share of this sorrowful reflection, and those who are deeply concerned will want to know what they are. But there will be time enough to make them known when it has been definitely settled to send the Fourth to the Philippines. But this is the dark side of the future. It has a bright side. There are well informed men who believe that the end of the war is near and some have gone so far as to declare that peace will have been declared before the expiration of a fortnight. In the event that this prophecy is borne out, Company D may soon be at home telling their mothers of their bright-faced sweethearts' stories of war's stern alarms, with graphic accounts of what they would have done if they had only been afforded the opportunity. With adventure, Cervantes in Santiago harbor and unable to get out, and with a score or so of our great guns turned upon Moro Castle and the Porto Rico city of San Juan at the same time it may not be necessary to sacrifice the lives of our soldiers in order to haul down the Spanish standard in the island of Cuba and Porto Rico.

But let it be remembered that the talk about sending our boys to Manila is only talk. At present it amounts to nothing more than a rumor and there is absolutely nothing to warrant the statement that it will ever rise above that condition. But it is not to be said to the credit of Company D, the boys are ready to go. That is what they write. They enlisted for the war and they are willing to obey any call that their country may make.

**SCHEME OF POLITICIANS.**  
Hampton People Criticize the Election of Capt. Terrell Major of the Fourth.

A high tide of indignation swept through Hampton Thursday night when news was received that Captain Hope had been defeated in the contest for major of the Fourth regiment. In view of the fact that for a long time he has ranked first in the qualifications for the position, which are admitted by all who know him, his friends here confidently expected that he would carry off the honor. Indeed, it was the certainty which they felt that any fairly conducted contest must end in his favor, that gave birth to the sharp comment which was heard on all sides yesterday morning. But if anything were needed to intensify the caustic character of these utterances, news supplies the material, which became current at an early hour, that Captain Hope's claims upon the office could not be considered because he is so unfortunate as to be a non-resident of the city of Norfolk. This seemed to many part of the indignation to the boiling point in short order and long before noon talk of a public meeting began to be heard. Such a step may take place at an early date, in which case military sharp of the Peninsula City and their political allies at the capital will at least be treated to some vigorous expressions of opinion.

No one here doubts that Captain Terrell owes his advancement to a scheme devised and carried out by cunning politicians, and that they were aided by high State officials in Richmond. Even Governor Tyler, before whom Hon. E. E. Montague and others from this city laid the plain facts of the case, is severely criticized by men who were front and foremost in advancing his election. It may be, however, that this criticism is premature. At all events, it is not known that the governor has taken any action. He is alleged to have been devised to overthrow Captain Hope. But be that as it may, Democrats of the greatest prominence in this city will continue to hold him under suspicion until his case has been furnished satisfactory evidence of his innocence.

Attorney S. Gordon Cumming, who is well versed in the methods of procedure prevailing in the regular army in the matter of promotions, said yesterday morning that the election of Captain Terrell was not in harmony with military usage. Had it occurred before the men were mustered into the service of the United States the case would be different and the proceedings would have to be accepted as having been conducted in accordance with law. But the moment Company D, by the enlistment of its members in the regular service, lost its identity as a State organization, it became subject to the rules governing the United States Army. Captain S. B. Wood, Sheriff Curtis, William Westwood and other well informed veterans, who have kept pace with the changes in military regulations regarding promotions, view the question in the same light. If the position assumed by these gentlemen is correct, the commissioned officers of the Fourth regiment had no right whatever to go into yesterday's election to elect a captain. The rank and file of the regiment was

entitled to the place, and Captain Hope, occupying that position, should have been made major in accordance with military usage in the regular army.

**THE WEST END SCHOOL.**  
Interesting Exercises and Many Promotions.

The closing exercises of the West End school, in charge of Misses Linwood Stubbs and Irma Von Schilling, took place 10 o'clock yesterday morning. Many of the patrons of the school were present. Misses Stubbs and Von Schilling gave the wisdom of entrusting them with educational interests in the West End. The program of exercises was as follows:

From the second to the third grade—Daisy Thomas, Lois Copeland, Bertie Adams, Mary, and Maudie. From the third to the fourth grade—Emily Dudley, Mary Shackelford, Bertha Winder, Bertie Keating, Jessie Davis.

From the fourth to the fifth grade—Jacob Ferguson, Hampton Hunt, Jimmie Casey, Helen Burbank, Maude Howard, Clifford Thomas, French Buchanan, Lina Higgins.

**A HOME GUARD.**  
Veterans Talk About Forming a Company.

A number of leading men here, a majority of whom saw service in the civil war, are seriously considering the question of organizing a company of home guards. Since Captain Hope's company left Hampton the community is entirely without military protection, and would be helpless in the event of a riot. It is true that there are soldiers in Old Point, two miles away, and the garrison there was reinforced Thursday by the arrival of nearly 700 troops from Maryland, but it is not certain that the people of Hampton could depend upon them in case of need. At any rate, in view of the demoralizing influence of war, the formation of a company of home guards is recognized as a step of great importance.

The organization, as above stated, will be largely made up of veterans of the late war. It will be a company in which the blue and the gray will side by side. Of course, there will be young men in it; mainly those, however, who are so situated that they cannot enlist for service in Cuba. In addition to being a company of home guards, the organization might be depended upon to repel the attacks of any predatory bands of Spaniards who might succeed in landing on the shores of this city. There should be any naval movements of importance in Hampton Roads. This is a possibility exceedingly remote. It is a possibility, however, and it is a possibility which things unexpected and apparently impossible frequently occur in war times.

**MR. C. C. KENT, general secretary of Newport News, will speak at the men's meeting tomorrow at 4:30 o'clock P. M. The regular morning prayer service will be at 8:30 A. M., and the Boys' Gospel Army at 2:30.**

The association wishes to thank those persons who generously contributed to the fund for the purchase of the Y. M. C. A. tent at Camp Lee. If there are others who wish to contribute to this work, which especially appeals to Hampton, now that so many of her boys are there, the general secretary will glad to forward the money to the camp. At last report there had been seventy-five donations for Christ among the soldier boys.

**SERGEANT HULL HIRE.**  
Sergeant Tyler Hull, of the Peninsula Guards, was here yesterday on a leave of absence. He reports that he is well and happy. Sergeant Hull says that the impression that the men are not well fed is a mistake. Their bill of fare is all that the most fastidious soldier could desire.

**NEW VOLUNTEER COMPANY.**  
Mr. S. E. Bickford, Major Hope, Mr. Ernest Holtzclaw and others are forming a new volunteer company in this city. Thirty-five names have been received. Mr. Holtzclaw said last evening that the company will be organized in a few days.

It is true that there are soldiers in Old Point, two miles away, and the garrison there was reinforced Thursday by the arrival of nearly 700 troops from Maryland, but it is not certain that the people of Hampton could depend upon them in case of need. At any rate, in view of the demoralizing influence of war, the formation of a company of home guards is recognized as a step of great importance.

The organization, as above stated, will be largely made up of veterans of the late war. It will be a company in which the blue and the gray will side by side. Of course, there will be young men in it; mainly those, however, who are so situated that they cannot enlist for service in Cuba. In addition to being a company of home guards, the organization might be depended upon to repel the attacks of any predatory bands of Spaniards who might succeed in landing on the shores of this city. There should be any naval movements of importance in Hampton Roads. This is a possibility exceedingly remote. It is a possibility, however, and it is a possibility which things unexpected and apparently impossible frequently occur in war times.

**MR. C. C. KENT, general secretary of Newport News, will speak at the men's meeting tomorrow at 4:30 o'clock P. M. The regular morning prayer service will be at 8:30 A. M., and the Boys' Gospel Army at 2:30.**

The association wishes to thank those persons who generously contributed to the fund for the purchase of the Y. M. C. A. tent at Camp Lee. If there are others who wish to contribute to this work, which especially appeals to Hampton, now that so many of her boys are there, the general secretary will glad to forward the money to the camp. At last report there had been seventy-five donations for Christ among the soldier boys.
